AREAS OF EXCELLENCE

Modular AHU: industrial and commercial applications
Compact AHU: Wide range for commercial and residential applications
High efficiency EC fans

www.salda.lt
New features:
For swimming pools
Integrated heat pump
Hygienic version

**SW50+**
- Thermal bridging class **TB1**
- Thermal transmittance class **T2**
- Leakage class **L1**
- Mechanical strength class **D1**
- Filter classes up to **F9**
High efficiency – savings on heating

Low electricity consumption

Top class air tightness
3-STEP QUALITY CONTROL

01 Check of the components.

02 Interim check during the production process.

03 Final board diagnostics and visual testing.
